

Science: Plants.

- Parts of a flowering plant - labelling.
- Layers of the rainforest.
- Animals - classification of species.
- Habitat / food chains.
- Investigating plants & their growth.

Geography;

- Locating world continents & seas.
- Using and navigating an atlas.
- Name rivers and rainforests of the world.
- Deforestation.

Maths:

- Elements of measuring and recording data as part of investigations. Using and applying skills.

RR / PSHCE:

- Deforestation and it's effects on habitat and homes.
- Eco-friendly schemes currently working to save the rainforest; *e.g. logos on food packaging, recycling paper, etc.*

The Rainforest... Year 1 - Summer Learning opportunities.....

Art & design: Design & Technology:

- Artist Henri Rousseau - rainforest & jungle artwork.
- Use similar techniques and rainforest stimulus.

Music:

- Sounds of the rainforest.
- Instruments

Literacy:

- Stories set in the rainforest; *e.g. Tarzan, Where the Forest meets the sea, Jungle Book,*
- Explore and use non-fiction texts - *re: animals, geography, atlas, people, etc.*
- Tree of life - *Story mapping, retelling, re-writing, and designing own ending.*
- Stories and folk tales from the rainforest.
- Letter writing - protection of rainforests and its wildlife

Computing:

- Create poster re: deforestation.
- Using PowerPoint to create a presentation about deforestation.
- Use Word to input text/ edit using tool bars c/c literacy story writing.
- Sequence using publisher photographs of science investigations.
- Online research about rainforest animals etc.
