This term we are learning about **OURSELVES** with a focus on **SCIENCE.**

Parts of the Body

Key Vocabulary		
senses	All of the ways we experiences the world around us. Our five senses are sight, hearing, touch, taste and smell.	
sight		Your eyes let you see all of the things around you.
hearing		Your ears let you listen to all of the sounds around you.
touch		Your skin gives you the sense of touch. You can feel different textures.
taste		Your sense of taste comes from your tongue. You might have some tastes that you like and some you don't.
smell		You smell different things using your nose. Your nose can tell if things smell nice or not.
skeleton		Skeletons are on the inside of our bodies. They are made up of bones to support our body and protect organs.
